M. KLITGORD

IMPORTER OF DANISH SEEDS

SPECIALTY
CABBAGE, CAULIFLOWER

LIMA, NEW YORK

A Personal Message to All Growers of Cabbage and Cauliflower

Dear Friend:

If, by using better seed, you could increase your cabbage crop 25%, you would do it, wouldn't you?

That is exactly what many people have done with my imported Danish-grown seed.

For 12 years I have been in business in this country importing seeds of the highest quality from the oldest and most reliable seed house in Denmark. I have specialized in CABBAGE, CAULIFLOWER and other "Danish Crops," and can truthfully recommend these seeds as being the finest that can be obtained.

Born and brought up in Denmark myself I know how these seeds are grown. I know that Danish-grown CABBAGE and CAULIFLOWER seeds are the healthiest, strongest seeds in the whole world. I want to impress this fact upon you.

I have letters from hundreds of friends and customers all over the country telling me that they have never seen such wonderful cabbage and cauliflower as that grown from Klitgord seed. I know you will say the same thing. (See letters on back page.)

I want you to be a grower of fine, healthy, Klitgord cabbage. When I say I am positive that once you have used this seed you will never change, I am basing the statement on the experience I have had in pleasing customers year after year.

Now, won't you plant some of my seed this year as a test -- even if only a few ounces? Compare your crop with that grown from other seed. Compare it with your neighbor's crop. I know you will be tickled to death with the results, will want to use Klitgord seed exclusively and will advise your neighbors to do the same.

I am willing to put the test entirely on the merit of the seed. Isn't it worth a trial?

Order now before the rush. (Order blank and price list enclosed)

Yours faithfully,

M. KLITGORD

P. S. If you haven't a copy of my booklet "How to Grow Better Cabbage and Cauliflower" let me know. It explains why Danish seeds are best, tells the best methods of raising and describes each variety. Contains much interesting information.

Here is Visible Proof of What Klitgord Seeds are Doing !

A FIELD of EXTRA EARLY ROUND, grown from Klitgord imported seed. This is a remarkable cabbage—the earliest of all rounds with heads as solid as rock and weighing 5 to 9 pounds each. A field like this is a field to be proud of.

THE farmer at the left claims this is the finest crop of GLORY OF ENKHOUSEN he ever raised and he attributes it to the quality of Klitgord seed. Mr. Klitgord, who is always interested in the results obtained by his customers, may be seen at the right.

THESE photographs were taken on typical farms throughout Western New York. Crops like these are the regular thing with my imported Danish grown seeds. Hundreds of customers who have raised cabbages for years, have written me that they consider my seeds far superior to any they have ever seen. You will say the same thing once you have used them.

M. KLITGORD

THESE three heads weighed 40 pounds! Some typical heads of COPENHAGEN MARKET. You can raise beautiful heads like this—18 to 24 tons of them per acre—if you use Klitgord seed, imported direct from the originators of this favorite early strain.

A TYPICAL field of Klitgord DANISH ABAILHEAD in healthy growth. This is the most popular of all varieties, because of its hardiness and long keeping qualities. Klitgord seed comes directly from the oldest seed house in Denmark which was the originator of this famous strain.

KLITGORD cabbage delivered at the Kraut factory. There are several strains represented here, the best kraut varieties being GLORY OF ENKHOUSEN and ALL HEAD EARLY.

**Cabbage and Cauliflower are profitable
when properly grown. Take no chances
on your Seed—Buy the Best**

Here are a few Reports received last Fall from Customers in all parts of the Country:

What a Customer of Years' Standing Says About Klitgord Seeds

"The strain of cabbage seed that I have bought from you has always proven satisfactory to me. I have not found any serious diseases. The germination has been excellent and the quality is fine, medium size, but solid heads that are much in demand. Before buying from you I had more or less trouble with one thing or another. I shall continue to buy as long as I get satisfactory seed."

J. O. SPANGLER.
Stoyestown, Pa.

Satisfaction for Four Years

"Have used your cauliflower and cabbage seed for the past four (4) years and find them excellent.

"Your strain of Dwarf Erfurt is exceptionally fine. Will order again in the spring."

W. R. WIKOFF.
R. No. 1, Bound Brook, N. J.

Wants Klitgord Seeds Again This Year

"I used about 5 lbs. of your cabbage seed this year and had very good success. Had a big crop of nice cabbage. Will want more of your seed next year. Please send me one of your catalogs as soon as printed."

J. MILTON HUMPHREYS.
Penns Grove, N. J.

Mr. Dietzler Seems to Like Klitgord Seeds!

"We are at the present time harvesting our cabbage. I have lived here 40 years and never had such cabbage and lettuce. I wish you could see the splendid heads. It's a picture. And the Lettuce, the Big Boston, is right. The leaves on that lettuce in the spring seedling were something wonderful—and so tender.

"Am selling to the stores at the present time.

"My wife was never in her life so well pleased with all the garden goods as those I raised this year from your seed. Every evening there was one continual praising: 'My, what cabbage and lettuce. And the Onions are as large as apples.'

"Have not seen any such cabbage come to the stores all this fall. We have no trouble getting an extra cent per pound.

"We are certainly ever so thankful to you for such seed and you should have a widespread trade. Would be very pleased to have you send me catalog on seeds.

"Once more, our sincere thanks, remaining your thankful friend, and wishing the best to you."

Yours truly,

HENRY DIETZLER.

452 E. Sumner St.,
Hartford, Wisconsin.

100 % Germination —96 % Heading

"Glad to relate the fact that your seeds germinated 100%, and after being set in field made a splendid growth to maturity, heading to a marketable size ninety-six per cent. Please send me your 1925 price list on seeds."

W. E. PALLMAN.
Clark's Summit, Pa.

The Best in Twenty Years

"I would thank you to send me your catalog for the coming season.

"That cabbage and cauliflower seed I bought from you last year was the best I ever had. That is saying something, as I have been in the garden business for twenty years."

C. L. SMARUP.
Fonda, N. Y.

Finds Klitgord Cauliflower Profitable

"From four (4) ounces of 'Danish Giant Cauliflower' seed we planted ten thousand plants; from which we marketed \$675.00 worth of cauliflower of the finest quality in Youngstown, Ohio. The germination was perfect. This is my first year in the business."

W. M. BARE.
Washingtonville, Ohio.

I have hundreds of satisfied customers who have bought seeds from me for years. You, too, will write letters like these if you use my seeds this Spring.
